Christmas Popcorn

Ingredients
½ cup popcorn kernels
¼ cup icing sugar
1 teaspoon ground cinnamon

Method
Put ¼ cup of measured popcorn kernels into the popper. Use a large bowl to catch the popcorn. Plug in and turn on the popper. Remember the popper will get hot!

Turn off the popper when kernels have finished popping. Throw out unpopped kernels when popper has cooled down.

Repeat the process with remaining ¼ cup of popcorn kernels.

Sift the icing sugar and cinnamon on top of the popped popcorn.

Toss well with a wooden spoon. Divide into bowls.

Allow to cool slightly before serving.
