Lemon grass and Lime Cordial

Ingredients

3 stalks of lemon grass, finely sliced
3 ½ cups water
¾ cup white sugar
1.25 litre bottle of mineral water
1 cup fresh mint leaves
1 lime, finely sliced

Method

Blend half the lemon grass and 1 ½ cups water in a blender.
Strain, pour liquid into a large jug.
Repeat with remaining lemon grass and 1 ½ cups of water.

Lemon grass pulp can be put in a snap lock bag and frozen to be used at a later time.

Place sugar and ½ cup of water into a small saucepan.
Stir over low heat until mixture comes to the boil.
Reduce heat and simmer for 5 minutes. Set aside.

Combine lemon grass liquid, sugar syrup and chilled mineral water in a jug. Mix well. Add mint leaves and lime slices to jug. Serve.
